Objectives of this program:

- Learn ways to empower the patient throughout the life span when faced with health challenges.
- Describe ways to empower children undergoing traumatic events in their lives.
- Incorporate behavioral change techniques for individual patients using a relation-centered approach
- Become familiar with legal ramifications for the patient who cannot care for him/herself

Date: April 30, 2010 (see pg 2 for schedule)

Time: 7:30pm to 4:00pm

Holiday Inn Center

3321 South 72nd Street

Cost:

\$60.00 for members of NE CMSA, NE Physical Therapy Association and members of NE Occupational Therapy Association
\$75.00 for non-members.

Earn 6 CEUs for RN, CCM and Physical/Occupational Therapy
